

**Grade 6 October 2018 Newsletter**  
**St. Patrick's Elementary School**

Dear Parents and Guardians,

We are already into October and the Grade Sixes have been busy. This month we start the School Walkathon (October 5th) and end with the Halloween Carnival on Wednesday, October 31st.

In Science, students are continuing to learn about mixtures with how to separate them. In Math, students have covered input/output machines, table patterns and are moving ahead with variables and coordinate grids. They will have completed Unit 1 and be halfway through Unit 2 by November. In Social Studies, we continue to learn about the global community and our local communities and in Language Arts, we have worked on the mechanics of writing a great personal story about Camp Zajac. We incorporated technology in utilizing Google Classroom to allow the students to submit their rough and final drafts and also in creating multimedia presentations using Google Slides. In Religion, we are working through the liturgical year and have created art projects centered around our school theme "What do you want of me lord". We also will be integrating Religion and French learning how to say our prayers in french.

As a class, we are working towards quality of work, responsibility and organizing our time. Please remember to check your child's planner every day to ensure homework is submitted and encourage your child to read a book daily. Feel free to check our classroom blog at [stpats6blog.wordpress.com](http://stpats6blog.wordpress.com) and email me at my address below.

Mr. Evangelista  
Grade 6 Teacher
