Grade 4 Newsletter

Dear Parents,

We begin this month by celebrating All Saint's and All Soul's Day. We remember their struggle to be witnesses of our faith as we also strive to be witnesses of God. We remember the brave people who sacrificed their lives for peace on Remembrance Day. We also remember all the souls in purgatory and pray that they will soon be united with God. As we remember all these people, let us not forget the living examples we can be for each other.

Attendance at Friday morning mass is expected and attendance is taken. There are still some students arriving late.

There are a number of items in our classroom lost and found. Please ensure your child has his or her name on all their belongings.

A few students are still coming to school without warm jackets. Please make sure your child brings a jacket to school, as they will be going outside for recess and lunch when it is not raining.

Thank you to all of you who supported the Book fair and generously donated books to our class library.

God Bless,

Mrs. Pineda

Curriculum Focus

Religion – Saint projects

Language Arts – Reading strategies, biography writing, spelling, journaling

Math – Problem solving, multiplication tables, equations involving multiplication and division

Social Studies – how water affects lives

Science – Extending our senses
