

The Grade 6 Monthly Newsletter

November 2018

Dear Parents and Guardians,

We are nearing the end of Term 1 and the Sixes have continued to work hard. This month we have two Pro-D Days, the Remembrance Day Assembly and the Volleyball Finals for both the girls and boys.

In Science, students have finished learning about mixtures and will begin a new unit on force and motion. In Math, students are working on prime and composite numbers and they move towards factoring and order of operations. In Social Studies, we continue to learn about the global community and our local communities. In Language Arts, students are continuing to write journal entries based on guided questions and opinions on current events in and out of the classroom. In Religion, we are working through the Liturgical Year and students have been reading and discussing different passages about creation. As a class, we are working towards quality of work, responsibility and organizing our time and work especially as an independent learner.

If you have any questions and/or concerns about your son or daughter please don't hesitate to contact me.

Thank you for your support,

Mr. Evangelista
